## Suggest a Purchase Information for Authors or Artists

---

I'm a new author or artist, how can I get my work into your library?

**To have your book, CD, or DVD considered for the Library collection, please send a copy to:**

Hennepin County Library  
Collection Management Services  
12601 Ridgedale Drive  
Minnetonka, MN 55305

Please include a cover letter, a fact sheet with standard bibliographic information (including ISBN, cost, publisher, etc.), and copies of reviews by standard review media (professional journals or newspapers), if available. The title will be evaluated as would any other title being considered for the collection. Because of the volume of these requests, the Library is unable to return submitted materials or respond directly to each author or artist.

Thank you for suggesting your work for the Hennepin County Library collection.
